

BASEL I-II-2.5-III-IV Regulations and Their Effects  
on the Economy, Real Sector, and Banks

PURPOSE

To share information on the BASEL Regulations, which are international standards in the global banking sector, and to raise awareness about the impact of these regulations on banks.

WHO CAN PARTICIPATE?

All Head Office and Branch employees, except those in risk management units, are eligible to participate. Participation is particularly recommended for those working in corporate, commercial and SME marketing, lending, auditing and validation.

INSTRUCTOR

Dr. Vedat Güven

Vedat Güven, one of the first graduates of Istanbul Atatürk Science High School, obtained a Master's degree in Electrical and Electronics Engineering and Economics from Boğaziçi University, followed by a PhD in Banking from Marmara University. He began his professional career as a treasurer at Garanti Bank and gained experience in every area of the Treasury Department at Tütünbank, Bank Ekspres and Toprakbank before founding Tim in 1999. Since 1999, he has been working as a manager, trainer and consultant at Tim, while also serving as a lecturer at TBB, Istanbul University, Bilgi University, Yeditepe University and Bahçeşehir University from time to time.

He has authored two published books: a booklet titled "TRL-Legged Futures Contracts" published by TBB and "Blockchain: Satoshi is Changing the World."
