**INSTRUCTOR**

Ebru Küçük

**CURRICULUM VITAE**

An expert with over 15 years of experience in corporate finance, sustainability and risk management. Currently serves as a Senior Expert at MAN Turkey Inc. (Volkswagen Group). In this position, she holds significant responsibilities in managing financial reporting, budget analysis, cash flow planning and reporting processes for public institutions. He also works in close collaboration with the central office in Germany and local management to ensure that financial processes are managed efficiently and accurately.

He began his career at Vakıfbank A.Ş. as an Operational Risk Management Specialist, where he performed critical tasks such as identifying and managing operational risks and preparing business continuity plans. This experience provided him with in-depth knowledge of risk management and the sustainability of business processes.

She subsequently served as a Tax Inspector at the Tax Audit Board, conducting compliance audits, reviewing companies' financial records, and identifying tax errors. This process enabled Ebru Küçük to develop her financial analysis, reporting, and solution development skills.

Ebru K   k was selected for the United Nations Development Programme (UNDP) advisory team, where she provided consultancy services on projects contributing to global development goals in the field of sustainable finance.

In his academic career, he completed a master's degree in International Economics at Gazi University and completed his Business Management education at Istanbul University. He also holds various professional training courses and certificates.
